

DUAL VANTAGE® 700

The Power of Two!

KEY FEATURES

- » Work Twice as Fast – Two Arcs (up to 350 amps each) are Better Than One
- » Arc Gouging Workhorse – Gouge Up to 1/2 in. Carbons
- » Protection from the Elements – Standard stainless steel roof, side panels and engine-access door

Applications

- Mining, General Construction, Maintenance and Repair

Processes

- Stick (SMAW)
- Flux-Cored (FCAW-S and FCAW-G)
- MIG (GMAW)
- TIG (GTAW)
- Arc Gouging

Welding Output

- Single Mode: 700A/38V/40%
- Dual Mode: 350A/34V/40%

AC Generator Power Output

- 3-Phase: 20kW Continuous
- 1-Phase: 12kW Continuous

Product Name	Product Number	Engine	Number of cylinders	Power	Capacities	Dimensions H x W x L in. (mm)	Weight lbs. (kg)

CUSTOMER ASSISTANCE POLICY

The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
